# *General Information*

SALE HEADQUARTERS—Sheraton Belvedere, Baltimore, Maryland.

TIME—Friday, November 17, 1950. Sale will start promptly at 12:30 P.M.

LOCATION—The sale will be held at the Eastern National Livestock Show, Timonium, Maryland.

TERMS—The terms of this sale are cash unless previous arrangements have been made with the consignor and the sale manager properly notified. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All animals are at the buyer's risk as soon as bid off, but will not be released until settled for.

REGISTRATION—A certificate of registry with properly recorded transfer of ownership will be furnished with each lot sold without cost to the buyer. Also an application for registry will be furnished for each calf at foot with its dam and for each unborn calf sold in dam.

MAIL BIDS—Those wishing to buy at this sale who cannot be present may send their bids to Clinton K. Tomson, Secretary, or Stanley Perkins, Eastern Representative of The American Shorthorn Breeders Association, 7 Dexter Park Avenue, Chicago 9, Illinois; Ned W. Place, The Shorthorn World, 16 So. Locust St., Aurora, Illinois; B. C. Snidow, The Breeder-Stockman, Warrenton, Virginia; to the sale manager, Ed Huff, Warrenton, Virginia; to the auctioneer or to the consignors. Each order bid will be faithfully executed.

GUARANTEE—The standard guarantee of The American Shorthorn Breeders Association applies to all entries offered in this sale. Each animal is healthy and health certificates will be furnished with each lot sold.

Where footnotes appear in this catalog they were written from information supplied by the consignors. Neither the sale manager, auctioneers or the clerk of the sale assumes any liability, legal or otherwise, however every precaution will be taken for the safety and comfort of the guests. Any announcements made from the auction block will take precedence over the printed matter in this sale catalog.

AUCTIONEER—Hamilton James, Newton, Illinois.

SALE MANAGER—Ed Huff, Box 717, Warrenton, Virginia.

MARYLAND SHORTHORN BREEDERS ASSOCIATION

*Standard Guarantee*  
OF  
AMERICAN SHORTHORN BREEDERS  
ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

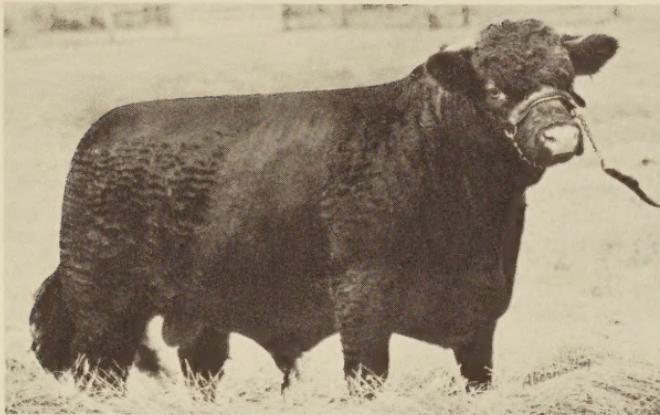

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

Willow-Lee Broadhooks 4th is a full sister to our great breeding cow, Broadhooks Maiden 10th. Calves from this family have been consistent winners in major shows. This heifer has all the rights to make a good brood cow.

This the fifth annual sale sponsored by the Maryland Shorthorn Breeders Association contains many such females as the ones pictured above. The numbers are not large in this sale but the quality is extremely high. Here buyers will be able to procure the breed improving kind that carry the most potent blood of the breed.

Shorthorns and Polled Shorthorns are ideal beef animals for the consumption of roughages and grass. They gain faster on ordinary feeds which means more money when sold across the scales. Improve your herds by buying from this select offering. The get and service of noted herd bulls will be featured.

Riverdale x, a \$5,000 son of Lynnwood Nugget x. He consistently sires the show winning, good doing kind. Lots 4, 19 and 22 were sired by him.

Echo Roseleaf is a squarely built young heifer that should make a top brood cow. Notice that her dam is a daughter of Klaymor Fancier, the bull that did so well for Chenault Todd. Bangs vaccinated.

With the present day commercial market the time has never been greater to get started in the production of purebred cattle. The kind of Shorthorns and Polled Shorthorns offered in this sale are the kind that will contribute to the improvement of the best herds in the land. In turn bulls produced by the females in this offering may be used not only in good purebred herds but commercial herds as well. In the final outcome the animals going to slaughter will be of superior quality by the infusion of Shorthorn breeding which gives the advantage of additional weight for age, feeding ability and smooth fleshing.
